## SILK PLASTER®

SILK PLASTER wall covering is a unique opportunity to create individual, luxury design of your apartments. Our material proves all world standards of quality. Variety of positive characteristics combined with the attractive reasonable price.

SILK PLASTER first manufacturing unit in Russia since 1997 and a second production unit in Latvia Europe to have stable, strong and successful growth of SILK PLASTER sales. Nowadays we deliver SILK PLASTER to many countries in Europe, Middle East, Asia, Africa, Canada and Australia. We achieved solid positions across the world through high quality, amazing colors and affordable price of SILK PLASTER.

We constantly develop and improve its textures and colors, following the fashion in design. Today our company produces more than 250 different colors of SILK PLASTER with unusual textures.

We constantly expand our machinery many of which are specially designed to fit our particular production purposes. We apply European scientific management, first class equipment and high-grade raw materials to ensure excellent quality wall coating as well as healthy product. As raw ingredients we use only ecological products. SILK PLASTER is certified and has different international awards.

SILK PLASTER will surprise you not only with great variety of colors, but also with possibility to create prints and art designs which will make premise not only comfortable, but also unique.
