

# PLANOCOLOR® AC

Acrylic resin binder ready to be mixed with colored granulates for creating decorative plasters

Acrylic based binder resin in white paste form, suitable to create decorative 'quartz' plaster coatings on interior and exterior walls. It is a versatile system that offers unique and customized architectural design intents when mixed with the endless combinations of various types of granulates PLANOCOLOR GRANULATES (NSD, NXD, MR, MQ, RC GLASS, NXG). Once the mixture comes in contact with atmospheric humidity, the resin becomes transparent, revealing the color of the granulates that were selected in the mix.. The application should be done on a properly primed surface.

PLANOCOLOR AC 'quartz' plasters can be applied in homes, External Thermal Insulation Composite Systems (ETICS), restaurants, hotels, offices & show rooms.

# PLANOCOLOR® ACR

Acrylic based decorative plasters in paste form suitable for applications in internal and external areas as well as for thermal facades

Organic decorative coatings in the form of high-performance acrylic paste. Available in white color while upon request, these can be delivered pre colored in the 260 UV resistant NOVAMIX FACADE color chart. Available granulometries: 0,6mm (ACR 60), 0,8mm (ACR 80), 1,0mm (ACR 100), 1,5mm (ACR 150), 2,0mm (ACR 200) and 2,5mm (ACR 250). PLANOCOLOR ACR is applied over the base coat with NOVABOND PS FLEX or NOVABOND PS FIBER. On non-absorbent surfaces, it should be applied upon priming with PLANO BOND or PLANO CONTACT. Part of the External Thermal Insulation Composite System (ETICS), NOVATHERM SYSTEM.

Exterior application

Isla Brown, Commercial Space
